Summary

Number of Public Health Hazards Found:	0
Number of Public Health Hazards NOT Corrected:	0
Number of Other Violations Found:	0

Reinspection is not Required

Each item found in violation is reported below along with the code requirement.

NO CRITICAL VIOLATIONS REPORTED

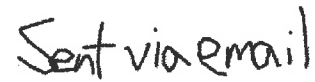

NO ADDITIONAL VIOLATIONS REPORTED

Additional Information Collected During Inspection

Comments: The Saranac Elementary School kitchen has had a complete kitchen remodel including all new equipment, flooring, ceilings, walls, ventilation, new service line and walk-in refrigeration and walk-in freezer. Kitchen upgrades were approved by the Clinton County Health Department and it appears that the work completed was in accordance with the approved plans. The only items that need to be completed before use is setting up the soap and paper towel dispensers at the handwash stations and some glass inserts in the kitchen entry doors. Once the hanwash sinks are all properly set up, the kitchen may be returned to service. No re-inspection is needed.

Inspector: Timothy Simonette (tim.simonette@clintoncountygov.com)
Responsible Person: Issac Dirolf
Additional Email(s): idirolf@saranac.org

Summary

Number of Public Health Hazards Found: 0
Number of Public Health Hazards NOT Corrected: 0
Number of Other Violations Found: 1

Reinspection is not Required

Each item found in violation is reported below along with the code requirement.

NO CRITICAL VIOLATIONS REPORTED

IMPROPER CONSTRUCTION AND MAINTENANCE OF PHYSICAL FACILITIES.

ITEM #15A WAS FOUND IN VIOLATION 1 TIME(S).

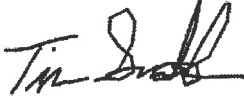

All or parts of the item are violations.

Code Requirements: Floors, walls, ceilings, not smooth, properly constructed, in disrepair, dirty surfaces

Inspector Findings: Metal flooring in the walk-in refrigerator in the kitchen was pitted, rusting and not smooth easily cleanable.

Additional Information Collected During Inspection

Comments: Lunch menu was nachos with seasoned ground turkey, corn, and fruit. Ground turkey temp was recorded at 194F, Corn temp was at 200F, both temps recorded right out of the oven. Kitchen manager to label dented can shelf so that it is clear that cans on bottom shelf of can rack in kitchen are not for use/to be returned.

Inspector: Richard Munn (richard.munn@clintoncountygov.com)
Responsible Person: Nicole Goddeau

Summary

Number of Public Health Hazards Found: 0
Number of Public Health Hazards NOT Corrected: 0
Number of Other Violations Found: 1

Reinspection is not Required

Each item found in violation is reported below along with the code requirement.

NO CRITICAL VIOLATIONS REPORTED

FOOD NOT PROTECTED IN GENERAL

ITEM # 8E WAS FOUND IN VIOLATION 1 TIME(S).

All or parts of the item are violations.

Code Requirements: Accurate thermometers not available or used to evaluate refrigerated or heated storage temperatures

Inspector Findings: Ambient thermometer in walk-in cooler read 22F, when the actual temperature was 41F.

Additional Information Collected During Inspection

Comments: Comment: Inspector discussed the preparation process of the Chicken pot pie that was served on day of inspection with kitchen manager. Also, discussed with all kitchen staff present the importance of monitoring critical control points (cooking, reheating, hot and cold holding) with accurate food probe thermometer and having established procedures to ensure safe food. At this time, food service staff are still packing lunches that are delivered to the class rooms and to those remote students.
