

EMPLOYEE ATTENDANCE AT ATHLETIC EVENTS

The Board of Education recognizes the value of school employees attending athletic events for the purpose of providing support and developing rapport with student athletes. The Board also recognizes that employee's attendance at these events will help to provide a safe and orderly environment. To that end, the Board will allow all District employees free admission to athletic events while wearing their District identification badges.

If an employee chooses to attend as a spectator only, they will be required to pay the admission fee.

Adoption date: February 5, 2015
