

Saranac Central School District

PO Box 8, Saranac, New York 12981 Tel. (518) 655-5600 ~ Fax (518) 565-5617

Dear High School Parents and Staff Members:

December 20, 2016

On September 6, 2016, Governor Andrew Cuomo signed legislation requiring all school districts in New York State to test water systems for lead contamination and to take responsive actions. This law, and subsequent NYS Department of Health Regulations, requires samples to be drawn from elementary schools on or before September 30 and from middle and high schools on or before October 31. Here in the Saranac District, we collected samples in our elementary schools on September 17 and in the middle and high schools on October 1. Samples are required to be “first draw” samples, which requires that the water is motionless for at least eight (8) hours in the pipes and fixtures before it is collected.

The level of lead concentration at a water outlet that requires us to take action is above fifteen (15) parts per billion. Test results that were received by the District on December 16th for the 95 outlets tested showed that 23 outlets in Saranac High School were above this action level. The locations, the concentration levels and our immediate action plan for the outlets is listed below. The Department of Health (DOH) has indicated to us that all water in our buildings is safe for handwashing and that exposure can only occur from drinking the water. We will continue to work with DOH officials to determine any retesting protocols we are required to put in place and we have arranged with a plumbing contractor to replace the fixtures as soon as possible.

<u>Location</u>	<u>Concentration Level</u>	<u>Action</u>
Sinks in 1st floor boys' room(2)	18/31 parts per billion	Sinks Labelled “For Hand Washing Only – Do Not Drink”
Sink in Darkroom	27 parts per billion	Sink Labelled “For Lab Use Only – Do Not Drink”
Lab sinks in Room 203(5)	16/37/34/21/32/ per billion	Sinks Labelled “For Lab Use Only – Do Not Drink”
Lab sinks in Room 205(5)	17/66/34/21/32/ per billion	Sinks Labelled “For Lab Use Only – Do Not Drink”
Lab sinks in Room 211(2)	18/17 parts per billion	Sinks Labelled “For Lab Use Only – Do Not Drink”
Lab sinks in Room 212(4)	18/33/22/16 parts per billion	Sinks Labelled “For Lab Use Only – Do Not Drink”
Sink in 2nd floor boys' room	19 parts per billion	Sink Labelled “For Hand Washing Only – Do Not Drink”
Sink in 2nd floor girls' room	15 parts per billion	Sink Labelled “For Hand Washing Only – Do Not Drink”
Sink in Phys Ed Office	18 parts per billion	Sink Labelled “For Hand Washing Only – Do Not Drink”
Sink in Technology bathroom	16 parts per billion	Sink Labelled “For Hand Washing Only – Do Not Drink”

In addition to this notification, test results for all outlets in District school buildings will be posted on our website, www.saranac.org, in the near future. If you have any questions regarding this process, please contact the main office in your child's building or the Buildings and Grounds office at 565-5620.

Please be assured that health and wellness is very important to us and that we will take all steps necessary to ensure that the water in our buildings is safe to drink.

Sincerely,

Jonathan A. Parks
Superintendent of Schools

Jamie W. Giroux
Director of Facilities II
